### Baldor Powerchief® Industrial Quality Portable Generator

When you need the dependability of a construction grade generator, Baldor Powerchief® generators are for you. The Powerchief® delivers performance and value found on top-of-the-line generators, and are know for their quality and performance.

- ✓ Switchless Full Pow'R do not need a power switch. We're always full power!
- ✓ Plug in 120 volt or 240 volt in any combination.
- ✓ No need to change voltage settings.
- ✓ No need to worry about which cord is plugged in.
- ✓ Reduces the chance for generator damage.
- ✓ Engine: Honda
- ✓ Two twist lock plugs: L5-30R and L14-30R

Additional items available for purchase:

- ✓ Wheel kit
- ✓ L14-30P & L5-30P twist lock plugs
- ✓ 50' quad box extension cord (using the L14-30 receptacle)
